

8 VARIETIES POTATOES AT BRAINERD POTATO SHOW

PREMIUMS 6 PRIZES EACH SPECIES SPUD

Premiums to Three Counties Exhibiting the Best Potatoes, Cup, Banners and Cash

Exhibits of Potato Machinery, Potato Sorters, Conveyors, Sprayers, Diggers, Etc. on Ground Too

The agricultural committee of the Northern Minnesota Development association has voted to make the following recommendations relative to the potato show to be held at Brainerd on December 6 and 7, 1917.

That the potatoes to be entered for competition be limited to the eight varieties recommended as standard varieties for Minnesota. These varieties are:

Early—Early Ohio, Irish Cobbler, Bliss Triumph.
Late—Green Mountain, Rural New Yorker, Burbank, Burbank Russet, King.

In order to make this show the biggest of its kind ever held in the state and in order to stimulate competition between the potato growing counties of the state it is recommended that competitive county exhibits be staged as well as individual exhibits.

The individual exhibits are to consist of fifteen pound samples. An appropriation of \$200 is asked to be devoted to premiums for individual exhibits and miscellaneous expenses connected with the exhibit.

The premiums to be divided as follows, each variety to be considered equally:

	First	Second	Third	Fourth	Fifth	Sixth
Early Ohio.....	\$6.00	\$5.00	\$4.00	\$3.00	\$2.00	\$1.00
Irish Cobbler.....	\$6.00	\$5.00	\$4.00	\$3.00	\$2.00	\$1.00
Bliss Triumph.....	\$6.00	\$5.00	\$4.00	\$3.00	\$2.00	\$1.00
Green Mountain.....	\$6.00	\$5.00	\$4.00	\$3.00	\$2.00	\$1.00
Rural New Yorker.....	\$6.00	\$5.00	\$4.00	\$3.00	\$2.00	\$1.00
Burbank.....	\$6.00	\$5.00	\$4.00	\$3.00	\$2.00	\$1.00
Burbank Russet.....	\$6.00	\$5.00	\$4.00	\$3.00	\$2.00	\$1.00
King.....	\$6.00	\$5.00	\$4.00	\$3.00	\$2.00	\$1.00

This makes a total of \$168.00, the remaining \$32.00 to be used for miscellaneous expenses.

The county exhibits are to consist of 15 half-bushel samples, representing 15 farmers in the county. Each county may exhibit not more

than 4 varieties. It is preferable to exhibit one variety. If two varieties are to be exhibited by a county it is preferable to exhibit samples of one early and one late variety.

Premiums are to be given to the three counties exhibiting the best potatoes, as follows:

First premium—One silver cup, value about \$25.00.

Second premium—One red silk banner, value \$10.00.

Third premium—One white silk banner, value \$10.00.

All potatoes to be exhibited must be at the place of exhibit at noon one day before the regular program starts. It is also recommended that an exhibit of potato machinery, such as potato sorters, potato conveyors, sprayers, diggers, etc., be held.

It is further recommended that an educational exhibit be staged by the Division of Horticulture and the Division of Plant Pathology of the Experiment Stations. These exhibits will illustrate work that is being done by the Horticultural Division, on the place effect on the Early Ohio variety showing changes which are due to soil and climatic conditions. The Division of Plant Pathology will show the important potato diseases,

the results of seed plot work, methods of disease control, etc.

The topics for discussion at the regular program will be:

Potato Seed Certification, Marketing and Potato Seed Plot Work.

Japan will Divert Tonnage Possible Atlantic Routes

(By United Press)

Washington, Sept. 15—Japan will divert as much tonnage as she can spare to the Atlantic routes, arrangements for this new cooperation with Japan being completed by the state department. Japan ship yards will be used for building British ships also.

Reported Reply Only Arouses Curiosity Here

(By United Press)

Washington, Sept. 15—The reported reply of the Central Powers to the vatican peace proposals arouses only curiosity here. In view of the fact that the vague forecast gives no indication of the fulfillment of President Wilson's demands for the elimination of kaiserdom the officials show no interest, the possibility being that it may cause more peace talk.

Russia Demands Korniloff Die for Treachery

(By United Press)

Petrograd, Sept. 15—General Korniloff misjudged Russia and therefore Russia is demanding that Korniloff pay the penalty with his life. The provisional government faces spreading danger, and the people are against former General Islim. One newspaper expresses the popular suspicion that Riga surrendered to the Germans in furtherance of Gen. Korniloff's schemes, the paper referring to the recent remarkable commiques and frankly dilating on the panic of Russian troops.

Burnquist to Appoint

(By United Press)

St. Paul, Sept. 15—Governor J. A. A. Burnquist is to appoint a coal dictator for the state in the report at the capitol.

National Bank Call

(By United Press)

Washington, Sept. 15—A call for the condition of all national banks at the close of business Sept. 11 has been issued by the comptroller.

Wireless S. O. S. off Nantucket Light Sub Reported There

(By United Press)

An Atlantic Port, Sept. 15—Naval authorities here have received a report that a ship reaching an Atlantic port has reported wireless S. O. S. calls from a vessel giving her position as 65 miles off Nantucket Lightship, name unknown.

British Freighter Reports Submarine had Attacked a Merchant Steamer Near By At Atlantic Port, Sept. 15—A British freighter has arrived and gives out a report that she had picked up a wireless message asserting that a submarine had been attacking a merchant steamer less than 100 miles off Nantucket Lights, while another British ship said warning had been given that a submarine was in the western Atlantic ocean.

Navy Asks Particulars Washington, Sept. 15—The navy department has instructed the commandant of the New York navy district to get full particulars of the British captain's story.

Council Demands Democratic Republic Establish at Once

(By United Press)

Petrograd, Sept. 15—The local council workers of soldiers demand a democratic republic at once and a solution of Russia's internal affairs. They demand immediate delivery of all important industries and the ruthless taxation of capital together with the confiscation of war profits. They recommend the creation of a government consisting of proletarian peasants.

Ship Yard Strike

(By United Press)

Portland, Oregon, Sept. 15—Working on 100 wooden ships in Columbia and Willamette river yards was stopped when 2,750 men walked out on a strike. The shipping board may take a hand in the proceeding.

Carried Stars and Stripes to Victory

W. G. Clancy of Texas, gunner in the Canadian force on the western front, was the first man to carry the stars and stripes to victory over the Germans in the war. Clancy comes from Texas, and is a fighting man. He joined the Canadians because he could not fight for Uncle Sam. When the Canadians went over Vimy Ridge, Clancy carried an American flag. That was a famous victory. Ambassador Page recognized him by honoring him in the hospital, where he was taken after he was wounded. Then the British authorities, further to show their appreciation, permitted Clancy to wear a small American flag on his left arm. The photograph was taken shortly after he recovered from his wounds.

MRS. GEORGE DEWEY.

Widow of Admiral Will Aid Sailors.

69 Quarts of Whiskey, 25 Quarts of Beer and the Ford Seized, Men Arrested on Oak Street Road

Sugar Business will be Licensed After October 1

(By United Press)

Washington, Sept. 15—The importation, manufacturing and refining of sugar, syrup and molasses will be licensed beginning Oct. 1, 1917, under an executive order of the president. All firms, persons, corporations and others manufacturing or importing sugar must secure a license before the first of next month, the food administrator to issue the license.

Destructive Flood Sweeps Cotton Crop Eastern Carolinas

(By United Press)

Goldsborough, N. C., Sept. 15—A destructive flood has swept eastern Carolina and the cotton crops in several counties has been destroyed. While the business section here is under six feet of water there has been no loss of life.

PARADISE IS LOST, BERLIN PAPER SAYS

Berlin, Sept. 15.—The Berliner Tageblatt sums up the results of the war to date as follows:

"War loans, \$87,000,000,000; loss in dead and wounded, 24,000,000 men; killed, 7,000,000 men; crippled for life, 5,000,000 men; loss through decrease of birth rate in all belligerent countries, 9,999,000.

"The funeral cortege of the 7,000,000 men killed would reach from Paris to Vladivostok, if one hearse followed the other.

"When the war began the combined public debt of all European states was a little over \$25,000,000,000 and now it is over \$112,000,000,000.

"Germany, with the amount spent by her for the war, could have bought all the cotton fields, the copper mines, and the whole petroleum industry of the United States and still would have had several billion dollars left over.

"With the enormous wealth destroyed by the war Europe might have been made a paradise on earth instead of a howling wilderness. There is no doubt that the awful struggle would have been avoided if the nations had any idea of its enormity when it started."

As the afternoon sun was beating down on a field of burnished golden clouds, Special Officers Charles E. Benson and J. J. Crowell, perched like sentries at the dry line separating Indian territory from wet country, spied a heavy laden Ford come ambling down the Oak street highway near what is popularly termed the "Seven Corners." The machine limped as one of the back tires had popped up.

The rakish, low build of the craft and the loud talk emanating from the curtains caused the officers to halt the flivver.

A rear seat was turned inside out and under the leather cover reposed in rows almost mathematically correct 69 quart bottles of whiskey and 25 quart bottles of beer.

The three Austrians riding with the load of booze were arrested. They were Mike Lugovich who owned the flivver of uncertain age, and his two friends, Dan Johnovich and Vuwgo Miesnich. They refused to say anything, that being entirely unnecessary, as the cargo spoke and smelled for itself, several bottles having broken and scattered their odoriferous contents about.

Car, beer and whiskey and Austrians were taken in charge and brought to Brainerd and their trip to Crosby, sadly interrupted, will not be resumed for some time. An examination before U. S. Commissioner W. A. Flemming is to follow shortly.

GERMANS INTEND TO RETAIN RIGA

Amsterdam, Sept. 15.—"Only fools believe we shall ever give up Riga," explained Dr. Gustave Stresemann, National Liberal member of the reichstag, in addressing a National Liberal meeting in Berlin. He defended German militarism as a necessity on the ground of the empire's geographical position.

Peace, he said, had not been brought nearer by the decision of the reichstag majority recorded in the adoption of its resolution. The sword alone could bring peace, he declared. The "Furor Teutonicus" should not be wasted on internal matters, but should be directed at the foe outside, he argued.

The meeting, which repeatedly greeted Dr. Stresemann's militant utterances with loud applause, telegraphed to Emperor William a message similar to those that have recently been sent by various such meetings.

CHEER FOR FIGHTING MEN

Several Organizations Will Furnish Holiday Gifts.

Washington, Sept. 15.—A \$1,000,000 Christmas for American fighting men is assured by nationwide arrangements made by the Red Cross, Y. M. C. A., Y. W. C. A. and Knights of Columbus.

Help is needed. The local branch of the organization will tell you how to do your share.

It is expected these plans will assure about \$1 worth of holiday happiness for every American fighting man in the world.

Local branches of the organizations named will be in charge of gift giving and celebrations among the drafted men, aviators, rainbow divisioners and others in American cantonnments in this country.

Prussians Have Put a Price on Head of American

(By United Press)

With the British Armies, Sept. 15—The Prussians have already put a price on the head of the first American prisoner taken on the western front, is the statement of captured Germans.

Sammies will View Liquid Fire Methods Soon

(By United Press)

Headquarters American Army in France, Sept. 15—Arrangements have been completed for a view by the Sammies of liquid fire war methods soon.

French Drive Germans

(By United Press)

Paris, Sept. 15—French counter attacks have driven the Germans from most of the trenches north of Caurler Wood which they battered to pieces, is an official report.

Swedish Minister Leaves for Continent for a Few Weeks

(By United Press)

London, Sept. 15—The Swedish minister and his wife are leaving for the continent for a few weeks absence.

Prompt Action is Being Taken Coal Shortage

(By United Press)

Washington, Sept. 15—Prompt action is being taken by the fuel administration to relieve the serious coal shortages and stimulate production. The so-called luxury industries will be forced to wait for fuel until the households and necessary industries are amply supplied.

Force Tighter Grip

(By United Press)

London, Sept. 15—The British troops have forced a tighter grip on the positions east of West Peak in the Ypres section, Gen. Haig reports.

Mrs. A. B. Thompson and little daughter Curtis have gone to Duluth to visit her daughter, Miss Kate Thompson, in charge of the Western Union office at the Spalding hotel.
Dispatch want ads climbed up to a full column and a half in Friday's paper. They are set close and are not spaced out wide as some papers do. There were 11 help wanted, 15 for rent, 20 for sale and 7 miscellaneous wants. Telephone your want to the Dispatch Northwest 74, or mail it in or send it to the office.

SPECIAL DISPLAY OF
PATTERN HATS AND
MILINERY NOVELTIES
at the Gardner Hat Shop
FRIDAY AND SATURDAY
Sept. 14 and 15

Police, sheriff and individual effort has failed to locate the five passenger Ford stolen from the front of Turcotte Brothers store. Now a Dispatch want ad will be used. Everybody in town will watch the little want ad make a dive for the car and 10 to 1 the want ad may search out the car. There's a \$50 reward attached to the finding of it too. Read the want ads for the offer and Sunday take a trip south of town where it was last traced and do some detective work of your own. Full description of car in the want ad. It's the biggest job little Mr. Want Ad ever undertook and here's hoping he wins out.
One insertion of a want ad and W. L. Taylor of the Longyear Exploration Co. found his lost keys. As it was somebody had a "found keys" advertised the same time, they being his keys.
For sale, 4 room house, S. 5th St. \$10 monthly payments. Nettleton. —Adv. 86td
One insertion of a want ad and Will Schwendemann's horse, lost for days, came running back home and was found in the stable by its owner. He was chewing a copy of the ad when recovered.
A fine "liberty lot"
An independent home,
A large garden plot,
Will be all your own
If you see Nettleton. 1
One insertion of a want ad and the Northern Express company driver got his bill book, currency and checks back. An honest man in Northeast Brainerd found it, saw the want ad and the driver was made happy.
The Clemenger vulcanizing business in the Gardner block has done a tremendous business all summer, giving employment to from two to four men. The number of tires repaired, if stretched out end to end, would make a line of rubber from Brainerd to St. Paul.
"Billiecan" Canan, cartoonist on the Fargo Courier-News, arrived in the city today to attend the first rehearsal of the symphony orchestra this evening. Mr. Canan said the world of art has him employed every day except Sunday, but he never will give up his cello and the Brainerd symphony. Mr. Canan has made a hit in Fargo and is now as much of an institution there as the Red River valley crop reports.

Beware of Ointments for Catarrh that Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Sold by druggists. Price 75c per bottle.

HUNTING SEASON TO
OPEN MONDAY, SEPT. 17

Attorney General Lyndon A. Smith today reiterated his opinion that the Minnesota season for hunting prairie chickens, ducks and other small game opens this year on Monday, Sept. 17. The second ruling to that effect was given in reply to an inquiry from County Attorney A. N. Eckstrom of Marshall county.

NOTICE OF ANNUAL MEETING

The annual meeting of the First Congregational church of Brainerd, Minnesota, will be held in the church on Thursday evening, September 27, 1917, for the election of officers and the transaction of such business as usually and properly comes before said meeting.
WALTER F. WIELAND, Clerk.
9-15-22

U-Boat Sinks American Ship.
London, Sept. 15.—The American ship Wilmore was sunk by a German submarine Sept. 12, according to the British admiralty. All the members of the crew of the vessel were saved. Further details have not been received.

REFERENDUM ASKED
ON RAIL RESOLUTION

Washington, Sept. 15.—Federal regulation of the issuance of railroad securities, compulsory incorporation of all interstate railroads under an incorporation law to be enacted by congress and legislation to empower the interstate commerce commission to regulate intrastate commerce are recommended in a referendum mailed by the United States chamber of commerce to business organizations throughout the country.
The recommendations were made by the national chamber's railroad committee.

AGE FORCES HIS REJECTION

Californian Says He Can Hit a German at Four Miles.

San Francisco, Sept. 15.—"I can pick off a German at four miles," was one of the arguments former Police Judge R. B. Tappan of Alameda county made to army officers when he sought permission to enlist. He is fifty-eight and has but one arm.
"I can hunt and fish and I have equipped my new rifle with telescopic sights; but if you think I am no good as a fighting man I'll go as a busler," he insisted. His age forced rejection of his plea.

FORESEES AN EASY TASK

Frank A. Vanderlip Comments on Floating Next Loan.

New York, Sept. 15.—Speaking at a luncheon of the Bond club of New York Frank A. Vanderlip, president of the National City bank, predicted that the next Liberty loan and succeeding bonds, if necessary, would be successfully floated.
Those who heard him were bankers and bond salesmen who participated in the flotation of the first Liberty loan and who have established a permanent organization.

VOLUNTEER FORCE
TOTALS 1,074,146

Washington, Sept. 15.—In the belief that the country does not understand America's real military strength Chairman Dent of the house military committee submitted to the house for publication in the Congressional Record a statement prepared at his request by the committee on public information from government records.
"On Sept. 6, 1917," the statement says, "there were in the reserve corps of the army 78,828 officers and 741,053 enlisted men. In the navy there were 141,867 enlisted men, 41,473 naval reserves and 14,500 of the naval militia in the federal service."
"There were 5,000 men in the coast guard and 6,500 in the hospital corps, making a total of 209,340. Enlisted strength of the marine corps was 29,971; reserves in the services, 1,070; national naval volunteers, 704; retired men on active duty, 14. There were approximately 12,000 officers in the navy and 1,164 in the marine corps."

CHICAGO JEWELER ROBBED

Two Daring Holdup Men Secure Gems Worth \$50,000.

Chicago, Sept. 15.—Unset diamonds and diamond rings said to be worth \$30,000 were taken by two robbers who surprised Frank L. Plon, a jeweler in an office building. Plon was bound to a chair, but released himself five minutes after the two men had gone.
The jeweler had just finished with two customers and turned to close his office when the robbers entered.
A tray of diamond rings valued at \$5,000 was on the showcase, together with a wallet containing \$25,000 worth of unset diamonds.
As they entered they closed the outer door and, pointing revolvers at Plon, seized him and tied him to a chair with a rope which one of them produced. One of the men stood guard over him while the other swept into his pocket the contents of the tray and the wallet.
Take No Chances.
"There's one safe way to drive an automobile."
"What's that?"
"Whenever you approach a railroad crossing or a street car track and a train or car is coming, if you have to wonder whether or not it is safe to try to cross, decide that it isn't."—Detroit Free Press.

Bandit Proves to Be Miner.

Butte, Mont., Sept. 15.—Matt Pentaga, a miner, was shot and instantly killed by Deputy Sheriff Bert Bennett, when he attempted to hold up a street car. The officer had been on the watch for a man who previously had held up cars. The officer leaped, pulled his gun and fired as the bandit ordered hand up.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.
To neutralize these irritating acids and flush of the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

D. M. Clark & Co.

Come Home to Real Heat and Big Fuel Economy

What a satisfaction to get next to real heat after that cold trip home. No more fruitless hugging a radiator. High fuel prices seal the doom of extravagant, fuel wasting heating plants. If you want a perfectly heated home and greatly reduced fuel bills you will invest in

Cole's Original Hot Blast Heater

BURNS CHEAPEST COAL CLEAN AND BRIGHT. USES ANY FUEL.

It will save the nation millions in fuel money this winter. Act now.

No. 111

WOMAN'S REALM

CANTEEN SERVICE OF RED CROSS

Canteen service of the Red Cross for members of the National Army and National Guard as they travel to the cantonments is being enthusiastically welcomed by the troops assembling at mobilization points and at junctions and wait-overs. Reports received by Foster Rockwell, Director of Canteen Service, from many chapters which have been serving light refreshments to the detachments passing through their towns, show the appreciation and enthusiasm of the troops.

At Washington, D. C., where the local chapter has been serving as high as 20,000 cups of coffee in a day to the troops passing through, the soldiers leaned out of the car windows when they saw the Red Cross uniforms and gave an extemporized but spirited Red Cross cheer. From all parts of the country comes the same story—the soldiers fully understand the meaning of this patriotic service of the women of the Red Cross.

Only a small proportion of the National Army has yet gone into the cantonments and the heavier work of the Red Cross canteen service is still ahead. But most of the chapters have the work fully organized, and feel themselves equipped to meet whatever emergency may develop.

The Red Cross canteen service hopes to keep the Red Cross uniform conspicuous in railroad buffets and restaurants all over the country while the troops are moving. The canteen service uniform for women consists of a white apron and bib, with a Red Cross on the front of the bib, and a Red Cross cap. The male worker wear a lapel badge of white ribbon with a Red Cross and the legend "Canteen Service."

Railroad officials are authorized through the war department to daily inform Red Cross chapter heads of the local movement of troops.

Besides supplying refreshments to the soldiers going through, canteen service workers perform many other little services for their convenience, such as mailing letters or postcards. The interest which the women of the country have thus been able to show directly, through the canteen service, has made a profound impression, and has given the soldiers new heart and fresh spirit, because they realize that the women of the whole nation are personally sponsors for their comfort and welfare.

Dally-Mikkelsen

Miss Velma F. Dally was married this morning at 10:30 o'clock to Arthur C. Mikkelsen at the manse of the Presbyterian church, Rev. W. J. Lowrie performed the ceremony.

The bride is from Pillager and the groom from Sylvan where he is employed as engineer at the Stoner dam. They were accompanied by the father, E. E. Dally, a brother, Miss Violet Ferrell, and H. J. Murphy.

The bride and bridesmaid were most becomingly attired and carried flowers. The young couple will take an auto trip to Big Stone county to be gone a couple of weeks and then will return to Sylvan where the groom will resume his work at the dam.

The Spirit of the Times.

It is an age of artificial devices. Rare, indeed, is the man and rarer still the woman in whose physical makeup there is not something false, either eyes or teeth or hair.—Atlantic.

MUSIC AT M. E. CHURCH

Dr. E. E. Long, Musical Director will be Assisted by Wm. Rodenkirchen

Plans are being made to make music a big feature at the First Methodist church this fall and winter. The people in general are beginning to realize the value of music, especially the great anthems and choruses.

The acoustics of the new auditorium at the Methodist church are excellent for music and has brought forth comment from many.

Dr. E. E. Long who has had several years experience in choir and chorus work has been secured as musical director and will have charge of the music in general. He will be assisted by Brainerd's popular cellist, Wm. Rodenkirchen, who will have charge of the orchestra. Mr. Rodenkirchen has been a student of music all his life and is without question the equal of any musician in this vicinity. He has a large class of violin and cello pupils.

The church trio will be composed of Miss Fern Hitt, violin; Wm. Rodenkirchen, cello, and Miss Besie Paine piano.

A large chorus is being organized for the Sunday evening services and will be assisted by the orchestra. A number of the great choruses will be given this winter.

Anyone who wishes to sing with the chorus is invited to see Dr. Long. Regular weekly rehearsals of the chorus and orchestra will be held.

Large Attendance at Meeting

At the meeting of the Dorcas society last evening held at the home of Mr. and Mrs. John Soderlund there was a very large attendance, all the rooms of the large home being filled. Before the regular program the little daughter of Mr. and Mrs. Arthur T. Anderson was baptized by Rev. Theo. Clemens, and given the name Dorothy May. The baptism service was listened to with great interest by the large gathering. The regular program included among other numbers a violin solo by Lester Bredenberg and a vocal duet by the Misses Ruth Anderson and Elsa Peterson, and a reading by Miss Ethel Fredstrom. Refreshments were served and a social hour enjoyed.

GONE FOR GOOD

Results That Last Are What Appeal to Brainerd People

Kidney sufferers in Brainerd want more than temporary relief.

They want results that last—Results like Mr. Wick tells about. His was a thorough test. Three years is a long time. Doan's Kidney Pills have stood the test and stood it well.

Why experiment with an untried medicine?

People here in Brainerd have shown the way.

Read Mr. Wick's story:

William Wick, R. F. D. No. 4, W. Brainerd says: "I had kidney and bladder trouble and nothing seemed to benefit me. My back was so bad at times that I couldn't stoop or straighten after I had been sitting for awhile. I got Doan's Kidney Pills at H. P. Dunn's Drug Store and they fixed me up in good shape."

A PERMANENT CURE

OVER THREE YEARS LATER Mr Wick said: "I am glad to say the cure Doan's Kidney Pills made has been permanent."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wick has twice publicly recommended. Foster-Mulburn Co., Props, Buffalo, N. Y.—Adv't.

WRECK ON GREAT NORTHERN

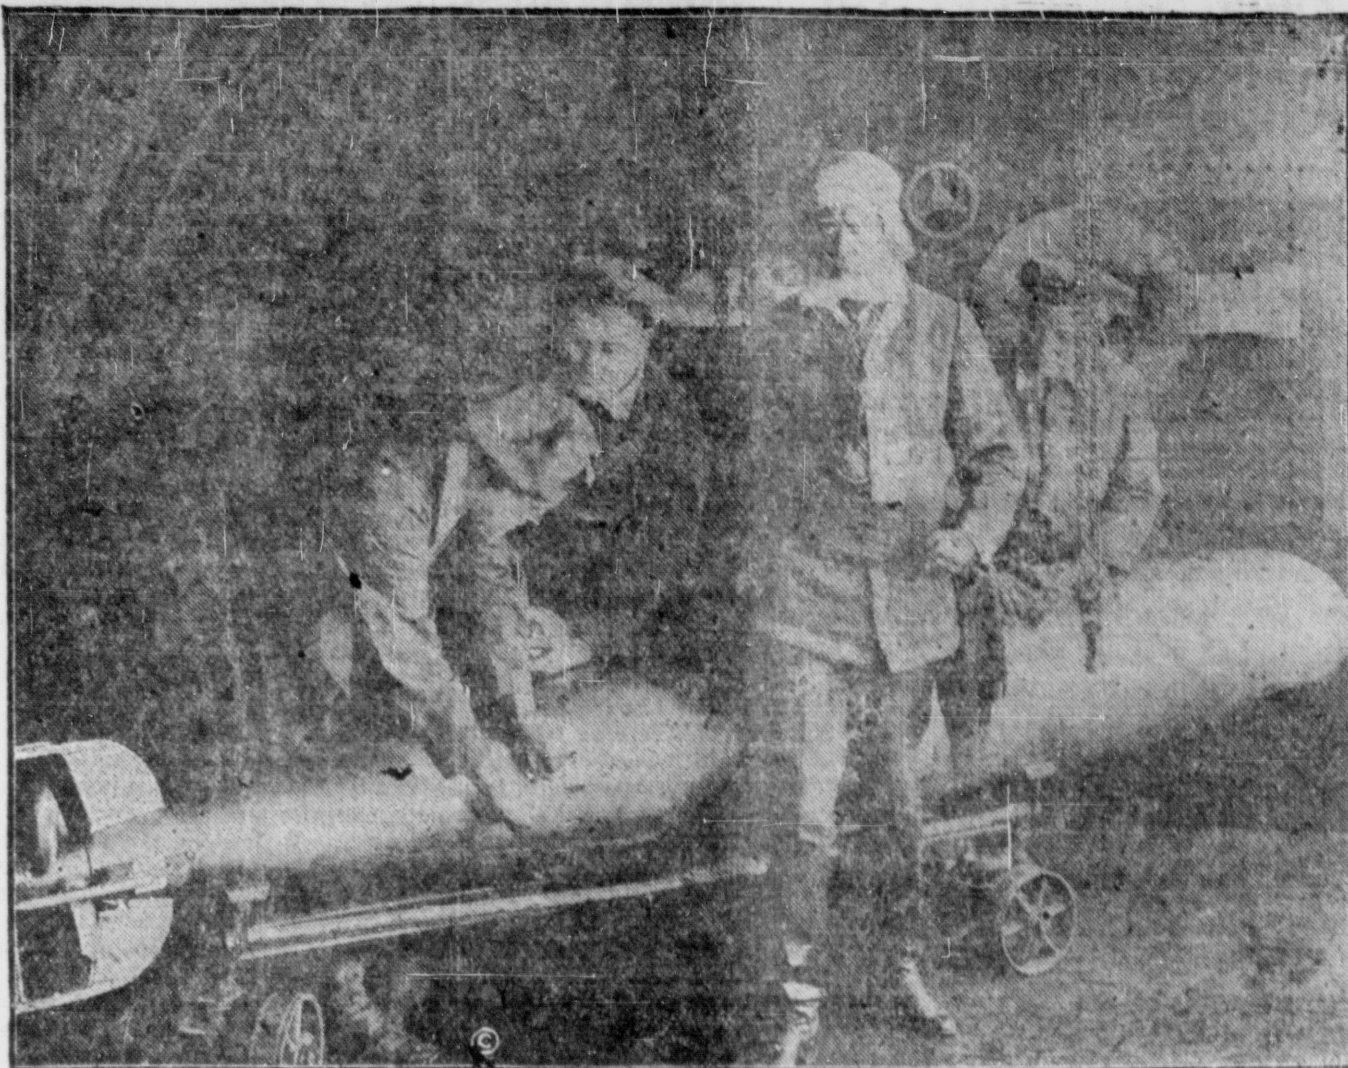

Two Enginemen Killed and Nine Other Persons Hurt.

Helena, Mont., Sept. 15.—Two were killed and nine injured when the engine pulling a Great Northern train plunged through a bridge at Ore High, near the Boulder tunnel. The locomotive dragged the baggage and smoking cars with it, the remainder of the train staying on the track.

Engineer H. J. Carter was killed in his locomotive, which turned over twice before striking the river, 100 feet below. Fireman Early Rutledge died of injuries soon after. Both lived at Great Falls. The most seriously hurt were taken to a hospital at Boulder.

Cannot Force Donation of Sites.

Helena, Mont., Sept. 15.—Attorney General S. C. Ford ruled in reply to a request from the state railway commission for an opinion that the commission has no authority to compel a railway to grant elevator sites on its right of way.

Manning the Torpedo Tubes on a Submarine—In the Torpedo Room of His Submarine, Nautilus, Captain Nemo Prepares to Fire a Torpedo at His Enemy's Ship

Glistening coral forests, resplendent marine gardens, queer deep sea fish and beasts that have never been catalogued by scientists—this strange and uncanny panorama will be unrolled on the motion picture screen of the Best theatre Monday and Tuesday when "20,000 Leagues Under the Sea," the only photo-play ever produced on the floor of the sea, will be presented.

"20,000 Leagues Under the Sea" is the masterpiece of Jules Verne that has been read by nearly every child in America. Two generations have been thrilled by the stirring recital of

Captain Nemo's heroic cruise under the water on the good ship "Nautilus."

"Sometimes I think that God never intended these sights for the eye of man," Capt. Nemo says at one point in the great film spectacle as he points out to his guests on the "Nautilus" the thousands of marvelous scenes in the cradle of deep.

Newspaper and scientific journals the country over have been deeply impressed by this picture, a thing unique in film achievement. The feature of the production that makes the strongest appeal to the audiences

is the fact that sights never before presented to human gaze are being offered with a clearness and a realism that is startling.

Clumsy, blind fish that have never basked in the light of day; gayly colored plants and wild and luxuriant coral deposits and sponge beds furnish a riot of color impossible to find on terra firma. The fauna and the flora of the subsea domains are so closely allied that in many cases it is impossible to tell where plant life ends and where animal life begins.

OLD KING FOOD

Old King Food in his merriest mood sat a watching his garden plot. He counted his beets and he reckoned his beans. And he said "Will ye starve? We will not."

From the National Emergency Food Garden Commission, Maryland Building, Washington, D. C. The Commission will send a manual on Home Canning or on Home Drying of Vegetables and Fruits free upon receipt of 2 cents for postage.

ROYAL EFFECT.

This evening gown is developed in green chiffon velvet, with a panel front of entire spangled jet, edged with chinchilla fur. The severe simplicity of the bodice is somewhat relieved by the shoulder straps of jet ropes.

An Ugly Cargo.

Shippers dislike carrying drums of acid where they cannot be reached readily. A Chilean ship recently put in at the Falkland Islands leaking badly. Her cargo was made up of drums of acid and chalk. The acid had leaked from the drums and mixed with the chalk, forming carbonic acid gas in the hold. This gas is deadly, and the crew could not make repairs. Meantime the acid had gathered at the bottom of the hold and eaten away the iron frames of the ship.

PRACTICAL HEALTH HINT.

Measles.

"Every rise in temperature of a child should mean isolation as completely as if that child were in fact afflicted with an acute contagious disease," says the Medical Record in discussing means for the prevention of measles. By a "rise in temperature" is understood any temperature higher than 99 degrees F. For measles is most infectious in its earliest stages, when the symptoms are generally only those of a cold in the head. The typical rash has not yet appeared, but the child is sneezing, blowing a minute spray from its nose with every sneeze. This spray is laden with the germs of the disease. These germs are scattered through the air of the home or the schoolroom and inhaled by the noses of brothers and sisters or schoolmates. It is then, far more than when the disease has developed to the easily recognizable stage, that infection is spread; therefore it is then that the child must be isolated.

Norway's Long Day.

Summer time brings more than two months of continuous daylight at Wardburg, Norway, in the "Land of the Midnight Sun." That little village near the North cape has the longest day of any civilized community in the world, extending from May 21 to July 22, during which period the sun is at all times visible except when obscured by clouds.

NO SHORTAGE OF LEATHER

But Shoes Cost Considerable More Than Heretofore.

New York, Sept. 15.—Tanners and wholesale leather dealers in this city estimate that more than 1,000,000 sole leather hides and about 300,000 hides suitable for uppers are being held in storage warehouses in Manhattan, Brooklyn, Richmond, Hoboken and Newark at the orders of packers, importers and speculators, who are holding out for higher markets. The warehouses are literally bursting with hides, yet a visit to any good retail shoe store proves to wearers of shoes they must pay from \$1 to \$4 more for a pair of shoes this year than in 1915.

WILL BENEFIT NORTHWEST

Shipments of Coal to Canada Will Be Restricted.

Washington, Sept. 15.—Continued export of coal to Canada in large amounts through Great Lakes ports at the expense of the Northwestern states will be checked immediately by the fuel administration.

Dr. H. A. Garfield, the fuel administrator, requested the exports administrative board to permit no more coal to be shipped out of the country except under license restrictions and asked that no licenses be granted unless they are approved by the fuel administration.

Love's Blindness.

Miss Louise says if you want to know just how blind love is all you need to do is watch an engaged girl trying to find a price mark on the box in which her fiancée sent her a birthday present.—Macon Telegraph.

One Year, strictly in advance.....\$4.00

Office in Dispatch Building on 5th St.

Entered at the post office at Brainerd, Minn., as second class matter.

SATURDAY, SEPT. 15, 1917.

Your Flag and my Flag!
And, oh, how much it holds
Of your Land and my Land
Safe within its folds.
Your heart and my heart
Beat quicker at the sight;
Sun-kissed and wind-kissed,
The Red, the Blue and White!
The one Flag—the Great Flag—
The Flag for me and you—
Glorified the whole world wide—
The Red, the White, the Blue!

The Crosby Crucible says "they tell us that in the Indian territory the former price was \$2 but now it has been raised to \$3.50 and they are selling about as much as ever." This has reference to booze and the comparison of prices is between what was paid before the government stopped distilling liquor a week ago and now. The fellows who made their own product from snuff, plug tobacco, river water and a poor grade of liquor to give it the flavor, for consumption in the Indian country, seem to have benefitted \$1.50 a quart from the above price quotation.

"No man has a right to advise his neighbor or the public to obstruct the execution of the law, that is beyond the liberty of free speech," is the interpretation of a California judge in his instruction to the jury following a trial for conspiring to hamper the enforcement of the selective draft law.

The state game laws prohibiting hunting from automobiles does not prohibit sportsmen from using automobiles for reaching the hunting grounds. The law means shooting from automobiles.

Some of the people in that section object to the holding of the Morrison county fair on Sunday but the management holds that there are many people who could not attend on any other day.

Three and a half million is now the membership of the Red Cross in the United States and memberships coming in at the rate of 50,000 a day.

The Jenny Lind Rock.
The Ohio river claims among its treasures the Jenny Lind rock. The singer was a passenger on a steamer which struck on a sand bar near the rock, and while waiting for the boat to be floated Miss Lind had boatmen row her out to the rock, where she stood alone and sang a song.

Big Difference.
Uncle Ezra—So ye just got back from New York? What's the difference between the city and the country?
Uncle Eben—Waal, in the country you go to bed feeling all in and get up feeling fine, and in the city you go to bed feeling fine and get up feeling all in—Life.

Tale the Grocer Told.
"With these high prices," said the customer to the grocer, "you must be making a lot of money."
"No," replied the grocer, "I'm not making any more money! My customers merely owe me more."—Detroit Free Press.

It is not the insurrection of ignorance that are dangerous, but the revolts of intelligence.—Lowell.

Gold and Germs.
Microbes are never found on gold coins, while paper money is an ideal home for them and every old banknote is a menace of disease. The belief is that gold acts as a bactericide.

When a man is no longer anxious to do better than well he is done for.—B. R. Haydon.

GOLD BASIS IS ONLY A MYTH

Billions We Read and Talk About Are on Paper.

GOOD TO A CERTAIN DEGREE

As Long as the Credit of a Nation "Stands Up" the Alleged Gold Basis Will Continue, but When Confidence Fails It Will Be a Thing of the Past. Total Wealth of Nation Estimated.

By ARTHUR W. DUNN.

Washington, Sept. 15.—[Special.]—The world is on a gold basis—at least the money of the world is so considered—but few countries are really on a gold basis.

The money we talk about today is not gold. There is no such amount of gold in the world as the billions we write and read about. It is all, or for the most part, paper based upon the credit of the nations.

So long as the principal nations of the world can make this credit "stand up," so long as people who have to take or take willingly the promise to pay of various governments, believing that they will at some future time be redeemed on a gold basis, that basis will continue. When confidence fails the credit of the nations will fall and the gold basis will become a thing of the past.

Our \$40,000,000,000 Credit.

In a thoughtful speech Senator Lodge of Massachusetts said that the total wealth of the United States was estimated at about \$300,000,000,000. "The margin of safety in loans on that amount," he said, "is estimated to be about \$40,000,000,000."

He did not know whether we would be called upon to issue bonds for that enormous amount, but if the war lasts long we will get rather close to it at the rate we have started.

Might Justify the Sacrifice.

If it should so happen that the outcome of the present war should be the realization of the dream of President Wilson and many of his ardent supporters, or if the dream of many persons for universal peace to be enforced by a league of nations of the world should be fulfilled there might be a compensation for the cost of the war and the destruction of property. Upon no other basis could the cost in life, destruction of property, misery and expenditure of money be justified.

As to the United States, starting with \$7,000,000,000 as soon as war was declared and mounting to \$10,000,000,000 before a shot was fired or a ship or regiment was in action, what is the answer? Our civil war cost \$8,000,000,000 and left us with a national debt which has not been paid to this day. And at this writing we have not sent men into battle.

It is Called Utopia.

The idea, the plan, the conception or whatever name it may bear has been called utopian, something belonging to the land of dreams and fantasies. Some way there are a lot of hard headed, old time thinkers who do not believe it is possible to control by a single government the races of the world. They wonder how long before this or that people, guided by a popular sovereign or president, might precipitate another world war.

Gone Glimmering.

We don't hear much about raising our revenue by indirect taxation, but that was what we were doing to a large extent before the war. Taxes raised by customs duties and imposts on liquors and tobacco were not felt to any great extent by those who paid them. But indirect taxation has gone glimmering. It is doubtful if the time ever will come again when our revenue will be produced solely in that way.

Georgia Senators Disagreed.

When the second class mail proposition was considered in the senate there was a brisk colloquy between Senator Hardwick of Georgia and Senator Hitchcock of Nebraska. Hardwick had been talking of the bounties granted publishers. Finally Hitchcock said he wanted to call Hardwick's "attention to the fact that the senator himself, and particularly his colleague from Georgia, have been active here in asking heavy subsidies from the government on liquors and tobacco were not felt to any great extent by those who paid them. But indirect taxation has gone glimmering. It is doubtful if the time ever will come again when our revenue will be produced solely in that way.

"The senator from Nebraska," interposed Hoke Smith of Georgia, "is right about the senior senator from Georgia, but not as to the junior senator from Georgia."

"The junior senator from Georgia," said Hardwick, "has made no such effort. He has participated in no such movement."

Hardwick later added in connection with the discussion that "most of the agricultural appropriation bills contained many things I did not approve."

"If my colleague will allow me," interposed Hoke Smith, "I desire to say that my colleague and I have disagreed on that subject."

"Radically," remarked Hardwick. "He has frequently, in my opinion, voted against measures in the interests of agriculture that he ought to have supported," continued Hoke Smith.

There are many other matters upon which the Georgia senators disagreed.

LABOR TROUBLES CAUSE CONCERN

Strikes May Occur in Ship-building Plants.

SHIPPING BOARD IS ACTIVE

Attempt Is Being Made to Work Out a Wage Scale by Zones Which It Hopes Will Be Adopted by Builders and Their Workers Everywhere.

Washington, Sept. 15.—The labor situation in shipbuilding plants is giving the shipping board serious concern.

A threatened walkout of iron trade workers at San Francisco and strikes at Seattle and New York present the most serious difficulties the board is facing at the moment.

Representatives of both employers and employees are here from Seattle and a New York delegation came to take up the situation in New York repair yards.

The shipping board is trying to work out a wage scale by zones which it hopes will be adopted by builders and their workers everywhere. The system is patterned after the navy scale.

The Seattle workers are demanding a 33 per cent wage increase. If this were granted and served as a basis for increases elsewhere there would be added to the cost of the government's shipbuilding program more than \$200,000,000.

San Francisco shipyard workers have been asked to postpone any action until the shipping board has had an opportunity to take up their case.

VAN RAPPAUD GOING HOME

Holland Recalls Minister and Names His Successor.

Washington, Sept. 15.—The Netherlands minister to the United States, Chevalier W. L. F. C. Van Rappard, has been recalled by his government, and he called on Secretary Lansing to announce the fact and to ask if Mr. Van Rappard, who has been named to succeed him, will be acceptable to the United States.

Chevalier Van Rappard, who has been minister here for four years, will be transferred to a European post, possibly to a diplomatic position in his own country.

The new minister, Mr. Van Royen, formerly was secretary of the legation here, and has had much experience in diplomacy.

ARE MAKING GOOD WAGES

Some Steel Workers Draw as High as \$800 a Month.

Youngstown, O., Sept. 15.—Several rollers in steel mills here are earning as much as \$800 a month, or at the rate of about \$10,000 a year, as a result of increases granted in a recent agreement with Amalgamated association workers. According to managers of the plants, heaters, roughers and other skilled workers are able to make \$12 to \$15 daily. The new wage scale is based on the selling price of steel. This has almost doubled the wages given some classes of work, manufacturers say.

BILLY SUNDAY MAY PREACH IN FRANCE

Washington, Sept. 15.—Billy Sunday is scheduled to fight the devil in Washington in January, but he may carry his battle against the old boy to the French trenches instead. It was learned. Thus would the rip-roaring evangelist kill two birds—kaiserism and satanism—with one verbal stone. Among Billy's favorite predictions about the kaiser when he battled Broadway and New York last spring was the one wherein he declared that when the kaiser died and appeared at the gates of hell the devil wouldn't let him in.

Sunday has had many invitations to go to France and preach in the trenches. He has also had many invitations to tour the draft army cantonments in this country. So far, owing to other engagements, he has not accepted either. He is, however, considering going to France. His son George will be in Washington this month and is expected to give a definite answer as to whether his father will come here or go to the war front.

BILLION IN SEVEN MONTHS

U. S. Food Exports Show Big Increase Over 1916.

Washington, Sept. 15.—The value of breadstuffs, meat and dairy products, cotton and cottonseed and mineral oils exported in the seven months ending in July aggregated \$1,067,965,190, as compared with \$783,981,911 for the same period last winter, the department of commerce announced.

Breadstuffs advanced from \$251,715,860 to \$373,595,592 and meat and dairy products from \$157,542,568 to \$235,868,319.

THE BIGGEST GUNS

Those Used on Land Outweigh the Largest in the Navy.

OUR COAST DEFENSE GIANTS.

The Sixteen Inch Monsters at Sandy Hook and Panama Can Sink a Vessel Before It Appears Above the Horizon. How the Big Guns Are Made.

There are two classes of guns—naval guns and army or land guns. Because they can be manipulated more easily than those of a ship, land guns are the heavier. The largest naval gun is the fifteen inch gun, and the largest land gun is the German howitzer, or 16.5 inch gun.

Of the two the naval gun fires a shell weighing over half a ton, while the other fires a projectile a ton in weight. But the new giant sixteen inch guns of the United States defending the Panama canal and New York at Sandy Hook shoot projectiles weighing 2,370 pounds, which is over a ton. These immense steel guns can sink a ship before it has really come into sight on the horizon, the location of the battleship having been determined by airplane or tower.

How these huge pieces are made is described as follows by the Popular Science Monthly. The first step is the making of the pig iron from iron ore in large furnaces like towers, called blast furnaces. Then the pig iron is melted with other steel in large steel furnaces called "open hearth" until it is freed of its impurities and converted into steel.

The melted steel, thin as water, is run from these furnaces into big iron molds, where it is allowed to cool into large solid cylindrical or corrugated blocks. After cooling these are reheated and reduced in size by pounding them with big steel hammers and squeezing them in rolls until at last the steel is pressed into a long barrel-like mass, the embryo of a real gun. This long skeleton of the inside of a gun must be bored out from one end to the other on immense lathes, some over ninety feet long. Heavy as the mass is, a huge lathe turns it around as easily as a body turns a spool.

After the inside has been rifled or grooved to form an inside surface that gives the shell a twist before it leaves the muzzle and causes it to fly straight the lower or muzzle end of the gun is made larger. This may be accomplished in one or two ways. Either additional shorter steel tubes are placed over the main inner tube, or the main tube is wound with wire and finished with an outer tube. The wire wound guns are usually the heavier and are used on board ship.

The gun bound with wire is really stronger than the one built of bands or rings of steel, one on another, for the wire re-enforces the gun tube so that it will safely withstand the tremendous strain which is constantly put on it when it is fired, said to be as much as seventeen tons pressure on each square inch.

In the case of a "built up" gun, as it is called when made of hoops or bands of steel, the outer tubes or rings are shrunk or sweated on—that is, they are heated so that they expand or swell a little, as all steel does when heated,

and then while hot they are fitted over the inner part and allowed to cool and shrink, or contract. In so doing they fit very tightly on the main tube.

In making a wire wound gun the wire is wound or coiled around and around until more than 100 miles of it has been wrapped around the big cannon. A twelve inch gun requires 117 miles of wire, weighing about thirteen and one-half tons. Although the strength of the wire is such that it gives great resisting force to pressures exerted sideways, it does not bestow strength lengthwise. Therefore an extra thickness of metal must be put on the muzzle of the gun, where the vibration caused by the shell leaving the gun is the greatest.

The breech, or the back end of a gun, is a very important part. Here the shell is inserted in a specially built chamber. After the shell is in place the breech is closed by the shutting of a very complicated and strong door. It is fastened or fitted in the gun by extremely strong screws, so that the charge will not burst the gun open at the back when it is fired.

Sometimes a shell explodes in the barrel of the gun. In a wire bound gun the wire tends to prevent a grave disaster. It hinders the steel tubes from bursting into many pieces and flying in every direction. The solid gun is wholly built of tubes, while in the wire wound gun there may be one or two tubes, over which the wire is wound with the jacket tubes shrunk over the wire. A bush for the breech ring is screwed into the rear end, which is also re-enforced by a breech ring outside.

She Got the Idea.

He—I say, Dolly, may I take your photograph? You look so pretty that I feel I could eat you! She—Oh, I see; that's why you want me on a plate, eh?

PRACTICAL HEALTH HINT.

Bites and Stings.

In case of a sting of any kind the first thing to do, of course, is to remove the sting. This can best be done with the point of a knife or needle, but care should be taken not to break the skin for fear of infection. Then the next best thing, perhaps, is to apply ammonia water or soda water to the affected parts. In case of bites, as well as of stings when the sting is removed, as a rule a paste of common baking soda applied to the affected parts or these bathed in ammonia water is all that is necessary. Where the poisonous effect is severe, however, send for a doctor. In the meantime the patient should lie down and keep quiet.

An application of a 50 per cent solution of a saturate solution of potassium permanganate which you get at the drug store is very efficient for insect poisons and for the poisons of plants, too, such as poison ivy and sumac.

The world's normal yield of the six great cereals ranges from 16,000,000,000 to 19,000,000,000 bushels.

The bagpipe originated in ancient Assyria and is one of the oldest types of instruments still in use.

PATRIOTIC FUND NOTICE OF WOODMEN

Bylaw Adopted at the Chicago Head Camp Assesses Every Beneficial Member

10 CENTS MONTH EACH \$500

Purpose to Provide Fund to Pay Death Claims of Men Who Give Up Lives for Country

Under the patriotic fund bylaw adopted by the Modern Woodmen of America at their head camp in Chicago, each beneficial member is assessed 10 cents per \$500 of his policy, commencing with the September call.

The purpose of such assessment is to provide a fund out of which to pay the death claims of the order who may lose their lives in the service of the United States or Canada in the present war.

BRAINERD'S ODDEST STORIES OF TODAY

Squirrel whiskey, rotgut and other nerve racking combinations sold by bootleggers in Indian country, said an old timer, require proper preparation of the individual before it is safe to absorb the stuff. He advises the drinking of a shellac varnish preparation which, he said, coats over the stomach with a shield which partially resists the corroding influence of the rotgut. After the shellac is downed, the patient is advised to run about for a time so as to distribute the coating of shellac in an even manner. After it has settled, a dose of squirrel whiskey may follow. However, any man who wishes to postpone slow suicide, will avoid shellac and rotgut.

Friends of Carl Adams, seeing what purported to be a brand new limousine, put him down as a coal baron or magnate making wads of money in Brainerd. Mr. Adams, however, stated to the "Oddest Stories" man that it was just his old Overland rebuilt, repainted, renovated and made into a daisy all weather, all spring, summer, fall, winter car.

The other day the head of the Northwestern weather bureau service came to town to look up the earth quake. It was impossible to chain down a tremor or two for him and the best that could be done was to show him Witham's chimney down on So. Fifth street where the top of the chimney had been bowled over by the quake. He was satisfied there had been an earthquake. Mrs. Witham said it made a noise like a Ford trying to run into her kitchen.

At The Empress Tonight

In the newest Gillstrom-directed farce comedy, released on the King-Bee program, "The Hero," Billy West has plenty of opportunities for his own inimitable brand of funmaking and certainly lives up to a higher standard than is boasted by many another comedian. There are giggles, titters, laughs and yowls of pure and unrestrained joyousness in "The Hero"—more really new gags in it than there have been seen in comedies for many, many moons. In addition, "The Hero" actually can boast of having a sure-enough plot, a thing often overlooked in comedies of late. See it Tonight at the Empress theatre.

Notice U. C. T.

The regular meeting of Brainerd Council No. 545 has been postponed to Saturday night, Sept. 22.

CHORUS DIRECTOR ARRIVED IN CITY

Prof. Charles Wieand, a Man of Very Pleasing Personality, Consecrated to His Work

RECENTLY FROM PALM BEACH

Public Asked to Drop in at Tabernacle Tonight and to Get Acquainted with Choir Leader

Charles Wieand, chorus director of the Bromley evangelistic party, arrived in the city yesterday all rested and ready, as he said, for his work here. He is a man of very pleasing personality, quick witted and bright in repartee, and consecrated to his work as singing evangelist.

His home is in Reading, Pennsylvania, a city of one hundred thousand inhabitants. Before he took up evangelistic work he was a real estate man there and engaged in a prosperous business. While in this business he organized a chorus of one thousand voices and held great singing festivals in connection with civic affairs.

For seven years he directed this choir conducting them through some

CHARLES WIEAND
Chorus Director of Bromley Evangelistic Party

of the greatest musical scores of the masters. Many of the eastern cities were enthusiastic in the praise of this Reading organization.

During a revival campaign in that city he turned his chorus over to the evangelist, sold out his real estate business and became a director of religious music. He has organized choirs of eighteen hundred members and directed them in big revival movements.

One of his closest musical friends is Homer Rodeheaver, the famous singer with Billy Sunday. He has known Mr. Rodeheaver for many years even before he took up his prominent work with Mr. Sunday. The book that will be used in the Brainerd meeting will be the latest one used by Mr. Sunday. The price is twenty-five and thirty-five cents and each member of the chorus is expected to procure one for himself.

Mr. Wieand is recently from Palm Beach, Florida, where he directed a chorus through the month of July. Now he requests that all contemplating taking the chorus work meet with him tonight in the tabernacle for the first get together meeting. Come and get acquainted and bring along a friend whether you have been approached or asked to join or not. The committee is too busy to make a personal appeal to everybody Come anyway.

The public is asked to drop into the tabernacle tonight and break the ice of first acquaintanceship with the choir leader. Word concerning the choir organization will be given later. Mr. Wieand is going to make a round of the Sunday schools tomorrow and enlist members from the various churches.

Last evening the ladies served coffee, sandwiches and doughnuts to the workers. The seats were partly set up and some work was done on the big platform. Some details of the structure will be lacking tomorrow but things will be in shape for the first meeting in the afternoon at 3 o'clock.

Splendid cooperation on the part of volunteers and willing service on the part of the shop men, business

BANQUET FOR SOLDIER BOYS

Aitkin, Minn., Sept. 15.—Aitkin has raised \$390 or more as a farewell banquet for its soldier boys called to the colors. After the boys have eaten a well cooked dinner with all the trimmings, they will be given some oratory, music, etc. Aitkin believes in the big dinner first.

men and ministers has saved the situation and avoided postponement. Even the weather has been propitious.

In Municipal Court

E. W. VanWalk, charged with disorderly conduct, was in municipal court this morning and the hearing was set for Monday morning at 10 o'clock. The police last night received a hurry up call from a member of the family that Van Walk was threatening to shoot the family and Officers Scott and Nordstrom went to the home where everything appeared quiet when they arrived. They found a loaded 38. revolver in the bed, the barrel containing four loaded and one empty shell.

"SKINNER'S BABY" A POPULAR KID

Crowds the Best Theatre to the Doors at Each Performance, Evokes Applause

ADVERTISED IN NOVEL WAY

F. S. Workman Pleased at the Reception of the Play in Brainerd on Friday

"Skinner's Baby" took the Best theatre by storm Friday and filled that popular show house to the doors at every performance. It showed conclusively that a good, clean, human interest story suits the people, that home life as exemplified by Honey and her husband and the baby can hold the center of the stage in spite of the heavy problem plays and big spectacles.

Home has its attractions. The American home is the foundation of the republic and as long as Skinner, Honey and their baby are able to fill a play house, then this grand republic is safe.

And F. S. Workman advertised Skinner's Baby in a novel way too, using a half page in the Dispatch and it caught the attention of every reader of the paper too. Some of Workman's ideas have been utilized by biggest producers in the motion drama field.

Just the other day Herbert Brenon, head of that New York Film Corporation, addressed a personal letter to Mr. Workman and asked him how the "Lone Wolf" had been accepted by Brainerd audiences, what comments his audiences had made, how Mr. Lytell appeared in the title part.

"In a word," wrote Mr. Brenon, "I value your opinion a great deal, and if I am giving the people of Brainerd the sort of thing they want I desire to know that I may continue and better my work along those lines, and if the people of Brainerd do not like the sort of thing I give them I want to know that too."

"I want you to be very frank with me for you have your fingers on the public pulse."

WHERE TO WORSHIP

Bethlehem Lutheran Church
(South Seventh Street)
Services 10:45 a. m. Rev. Theodore Clemens occupies the pulpit. The Euterpean quartet will sing.

Swedish M. E. Church
There will be service in the Swedish M. E. church tomorrow morning. The morning service is at 10:45; no evening service. C. M. Holmberg, pastor.

4:30 p. m. evening prayer and sermon. Subject "The Grace of God." Attention is called to the change of time of evening. Vespers will be held each Sunday at 4:30 p. m. and will continue at this time throughout the winter. This will enable any member who wishes to attend the mission service to do so. We give a hearty welcome to all to attend the church services.

Methodist Church
Morning worship at 10:30 a. m. Sermon by the pastor, Rev. F. W. Hill. Subject: "Under the Shadow of His Wings." Special music: "Praise Ye the Lord" chorus. The quartet will render "Tarry with Me" Davis.

Bible school at 12 o'clock. Topic: "League Study Courses." Leader George Lowe.

At 3 o'clock will occur the opening service of the tabernacle meetings at which time Dr. Bromley will preach. There will be no evening service in the Methodist church on account of the union tabernacle meetings and it is expected that all preaching services for the immediate present will be held at the tabernacle.

ROLL OF HONOR
Corporal Raymond Lowery reports two enlistments in the infantry and the men were sent to Duluth, being Ralph E. Goodrich and Cornwell Swanson.

Proceedings in Bankruptcy
In the District court of the United States, for the Fifth Division, District of Minnesota.

In the matter of WILLIAM HILLS, bankrupt, in bankruptcy.
To the Honorable Page Morris, judge of the district court of the United States, for the district of Minnesota:

William Hills, of the Village of Crosby, in the county of Crow Wing, and state of Minnesota, in said district, respectfully represents that on the 26th day of September, 1916, he was duly adjudged bankrupt under the acts of congress relating to bankruptcy; that he has duly surrendered all his property and rights of property and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts except such debts as are excepted by law from such discharge.

Dated this 5th day of September, A. D. 1917.
WILLIAM HILLS, Bankrupt.

Hawaiian music has come into a new glory!

Up and down these United States, more or less everybody has been singing; playing or whistling that most popular of all Hawaiian songs "Aloha Oe" (Farewell to Thee). And now Alma Gluck has made a Victor Record of it. Great artist that she is, she sings it with such fascinating effect that you say to yourself: "I never knew before how really beautiful that song is."

Victor Red Seal Record 74534. Twelve-inch, \$1.50

Paderewski's Minuet played by Paderewski himself

For every one who plays the piano, for every one who loves its music, here is a record of records!

The startling brilliancy of Paderewski's technique will cause the veriest layman to marvel. And long after the master's last note has died away the lovely melody of the Minuet is likely to haunt you.

Victor Red Seal Record 74533. Twelve-inch, \$1.50

Famous Billy Sunday Chorus on a new Victor Record

Imagine a chorus of 2500 voices singing in your own living room. That is the veritable miracle that this Victor Record makes possible for the first time. It is indeed an impressive sensation to hear this mighty chorus sing "America" and "Sail On, Sail On."

Victor double-faced Record 18322. Ten-inch, 75c

Come in and get complete list of the

New Victor Records for September

"MICHAEL'S"

How Thick is a Coat of Paint?

A coat of Minnesota Paint, properly applied, measures three one-thousandths of an inch in thickness. Think what extreme wear and endurance is expected of this thin film. The same thickness of armor plate would not afford equal protection for the same length of time.

Minnesota Paints are made of the best White Lead and Oxide of Zinc, ground in Linseed Oil of their own make. Forty-six years of satisfactory service makes it the safe paint to buy.

United States District Court, District of Minnesota, Fifth Division, ss.

On this 8th day of September, A. D. 1917, on reading the foregoing petition, it is ordered by the court, that a hearing be had upon the same on the 25th day of October, A. D. 1917, before said court, at Duluth, in said district, at 10 o'clock in the forenoon; and that notice thereof be published in the Brainerd Dispatch a newspaper printed in said district, and that all known creditors and others in interest may appear at the said time and place and show cause if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their place of residence as stated.

Witness the Honorable Page Morris, judge of the said court, and the seal thereof, at Duluth in said district, on the 8th day of September, A. D. 1917.

Uric Acid!

Ever since the discovery of Scheele in 1775 that uric acid was found within the body—most eminent physicians agree that rheumatism is caused by it; also many distressing symptoms as headache, pain in back, stomach distress, swollen feet and ankles, gout, etc.

It was Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., who discovered a new agent—called Anuric, a harmless remedy that if taken before meals will carry off the uric acid from the system and in his way the pains and aches, the creaky joints and all the distressing symptoms of rheumatism and other maladies disappear. You can easily prove this yourself, by obtaining Anuric at almost any drug store, or send Dr. Pierce 10c. for trial package. Try it and be convinced that Anuric is many times more active than lithia and eliminates uric acid as hot water melts sugar.

PERFECT HEALTH IS EVERY WOMAN'S BIRTHRIGHT.

Faribault, Minn.—"About fifteen years ago I caught a severe cold. Acute inflammation followed and through this I became all run-down. I was very miserable. A friend of mine had one of Dr. Pierce's Common Sense Medical Advisers. I consulted this and read in it of 'Favorite Prescription.' I got a bottle at once and two bottles completely cured me and built me up in a splendid health, and since that time whenever I feel in need of something to build me up I get this medicine and it has never failed to give me relief. It is a splendid remedy for women's ailments. I heartily endorse its use."—Miss EDITH PLANTE, 14th Street and 2nd Ave.

will sell at a bargain if taken at once. C. Bruhn, 213 Second street north. 1438-8712

FOR SALE—160 acre farm in Cass county, suitable for dairying; good hay meadow. Would consider taking auto as part payment on same. Must be in good condition. Enquire Chas. Hietala, 1423 Pine St. S. E. 1410-8318

Has braces from running board to body. Was stolen from front of Turcotte Bros. Grocery. Notify them if found. 1448-881f

SCORES LABOR'S ACCUSERS

Attorney Says Union Men Are Loyal to Government.

Bloomington, Ill., Sept. 15.—Accusations that "misrepresentatives" of organized labor in this section are trying to put union men in the position of being opposed to the war were made by Frank Comerford, a Chicago attorney, in a speech which was postponed from Labor day. On that occasion, he says, he was refused permission to speak because he would not promise to ignore war questions.

He spoke "under the auspices of a bank and file of organized labor."

"The time has come," Mr. Comerford said, "to lash from the temple of loyal labor the false counselors who urge you to pull down your country's flag, telling you that your opportunity is here to hoist the union card in its place."

"If the flag falls in this war you can tear up your union cards."

AMERICAN NAVY EXPANDING

Secretary Daniels Drops Hint of Enormous Increase.

Annapolis, Md., Sept. 15.—The remarkable development of the navy in the last year was described by Secretary Josephus Daniels in an address at the naval academy to 174 graduating ensigns of the naval reserve.

He credited President Wilson with giving the initial impetus to a movement that has resulted in a great expansion of the service.

"The aggregate appropriation in little more than a year is, including pending estimates, nearly \$2,000,000," said Daniels.

"I am not publishing a military secret when I say that, while the increase in personnel in the last few months has far surpassed the increase in material, there are three times as many ships in commission today as there were six months ago."

CABINET CRISIS BECOMES ACUTE

Premier Kerensky Is in Very Difficult Position.

GENERAL KORNILOFF ESCAPES

Leader of Revolt Which Has Ended in Complete Failure Is Still at Large—General Krymoff Commits Suicide Upon Learning of His Probable Fate.

Petrograd, Sept. 15.—The cabinet crisis continues. The newspapers assert that Premier Kerensky is in a very difficult position and that his resignation is not excluded from the possibility.

The situation is complicated by the attitude of the Petrograd Council of Deputies, in which Thursday night's meeting the Bolsheviks for the first time gained an overwhelming majority of 279 against 150 in favor of the extreme radical position which declares that not only the Social Democrats, but all the representatives of property owned classes must be excluded from power.

This program also demanded an immediate declaration of a democratic republic, the abolition of private property, working class control over production, confiscation of war profits, the "merciless taxation" of capital, an immediate invitation to the warring states to conclude peace, etc.

The revolt of General Korniloff apparently has failed dismally, but the former commander-in-chief of the Russian armies has not yet surrendered to the provisional government. General Krymoff, commander of the Korniloff forces sent against Petrograd, committed suicide by shooting when informed by Premier Kerensky of the probable fate that awaited him.

Premier Kerensky has begun to reconstruct the government, some of his former ministers apparently opposing the taking of drastic measures against General Korniloff and his aides.

ROOT AND GOMPERS SPEAK

Security League Holds Patriotic Rally at Chicago.

Chicago, Sept. 15.—Treason to America in the world war was defined by Elihu Root and labor was pledged to fight until world torism had been overthrown by Samuel Gompers at a patriotic rally here staged by the National Security league, for the announced purpose of vindicating Chicago against the alleged intimations of unpatriotism.

"The men who are speaking and writing and printing arguments against the war now and against everything that is being done to carry on the war are rendering more effective service to Germany than they ever could render in the field with arms in their hands," declared the former secretary of state amid cheers.

"It is impossible to resist the conclusion that the greater part of them are at heart traitors to the United States."

Declaring that General Grant said "let us have peace" only "after" Lee had surrendered, Mr. Gompers asserted that, "after kaiserism had surrendered, then we too will have peace."

LICENSE TO EXPORT FOOD

Board Includes Canada and Newfoundland in Ruling.

Washington, Sept. 15.—Shipment of certain foods to Canada and Newfoundland, under a ruling by the exports administrative board, hereafter will require the same form of license demanded for their export to other countries.

Heretofore they have gone forward under blanket license issued by collectors of customs.

The purpose of the order, it was explained, is to provide means of closer co-operation between the American and Canadian food administrators and to put the United States in position to conserve its supplies if shortages appear likely.

The foods named are wheat, wheat flour, butter and sugar.

SUITABLE BASIS FOR PEACE

Central Powers Favor Proposals Put Forward by Pope.

Amsterdam, Sept. 15.—The reply of the central powers to the peace note of Pope Benedict, says a Vienna dispatch to the Tjld, begins by declaring that they regard the papal proposals as a suitable basis for peace negotiations.

Regarding the exchange of occupied territories, arbitration, disarmament and similar proposals, declarations are made, the dispatch adds, which testify to the idealism of the central powers and their sincere desire for a peace which will insure happiness to all nations.

Manages Central Division.

Washington, Sept. 15.—H. P. Davidson, chairman of the Red Cross war council, announced the appointment of Bruce Smith, a prominent baker of Chicago, as manager of the Central division of the Red Cross.

CAPTURE CREST AT HEAVY COST

Italians in Possession of Monte San Gabriele.

FIELD STREWN WITH DEAD

Infantry Climbs Slopes of Mountain, Making Short Gains at Fearful Cost. British Artillery Fire in Flanders Has Increased in Intensity.

London, Sept. 15.—The crest of Monte San Gabriele was captured by the Italians at a heavy cost, additional details given out by the Italian embassy say. The infantry went up the slopes of the mountain, making short gains at the cost of heavy sacrifices.

The battlefield was covered with the dead of both armies, but the Italians in spite of their heavy losses obtained a secure position from which they can shell the enemy.

From now on it is believed the battle will be more of an artillery engagement.

This news of the victory, probably the greatest feat of the Italian arms thus far in the war, precedes the latest official report from Rome.

Except along the Casemates plateau, on the Alsne front, there has been no marked activity on the other fighting fronts. A German attack against the French positions on the Casemates plateau, Paris reports, was repulsed with heavy losses.

Berlin says German troops penetrated to the second French line and inflicted severe casualties. The British artillery fire in Flanders, Berlin reports, has increased to drum fire.

EAST WILL OBTAIN FLOUR

Rumors That Famine Is Threatened Lack Foundation.

New York, Sept. 15.—Alarmist reports of the possibility of a flour famine in the East are without foundation, according to statements made here by Julius H. Barnes, president of the food administration grain corporation, and James F. Bell, general chairman of the milling division of the food administration.

Mills at Minneapolis are running now almost at full capacity. Mr. Barnes said, while mills drawing supplies from the Northwest by way of the Great Lakes will get their full quota after this week. Mills in the Southeast and Central West are operating on a normal basis, he declared.

I Recommend Peruna To All Sufferers Of Catarrh—

I Do Not Think I Ever Felt Much Better

Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Mrs. William H. Hinchliffe, No. 20

Those who object to liquid medicines can procure Peruna Tablets.

Do Something Better Than the Other Fellow--- and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.
